

Early Career Researchers

PTCOG Early Career Researcher (ECR) Subcommittee

Our mission is to foster collaboration, provide support, and address the unique needs of those navigating their early careers in particle therapy.

The PTCOG Early Career Researcher (ECR) Subcommittee is a dedicated group representing the interests and concerns of emerging researchers and practitioners in PTCOG.

The PTCOG-ECR subcommittee has three co-chairs. These are elected yearly during the general subcommittee meeting at the annual PTCOG conference. A subgroup of ECR members, the Operative Group, is formed annually to actively organize, make decisions, and come up with ideas for activities related to the ECR. The engagement of the whole ECR subcommittee is stimulated by tools like polls, newsletters, and feedback forms, allowing a constant flow of ideas and suggestions.

The PTCOG-ECR Co-chairs

Bethany Rothwell, Ph. D.

Massachusetts General Hospital & Harvard Medical School

Gabriele Parisi, Ph. D.

University of Pavia & IRSN

Giorgio Cartechini, Ph. D.

University of Miami, USA

2023/2024 Operative Group

All ECR members will have the opportunity to join the Operative Group for its upcoming 2024/2025 term.

Elena Fogazzi

University of Trento Gaia Franciosini

Sapienza University of Rome Hannah Cook

National Physics Laboratory Isabella Colizzi

Paul Scherrer Institute Jeremy Khong

*The Christie NHS Foundation Trust*Nadine Vatterodt
*Danish Center for Particle Therapy*Anastasiia Quarz
*GSI & TU Darmstadt*Valeria Pascali
*University of Pavia*Daniel Ebner
*Mayo Clinic*Marco Battestini

PTCOG-ECR Activities

The PTCOG-ECR subcommittee is thrilled to start the engine of this great community. These are some of the upcoming initiatives:

Slack Networking Platform

Our new Slack platform will serve as an interactive hub for networking and knowledge sharing within the ECR community.

PTCOG-ECR Plenary Session at PTCOG 62

Join us in Singapore for the inaugural ECR plenary session
“Open-Source Thinking: The Future of Data Sharing for Medical Research”

Newsletter

Sign up to receive the quarterly ECR newsletter, with subcommittee news, scientific insights, job opportunities, and event information.

ECR Social and Mentoring Events at PTCOG 62

Connect with fellow ECRs, share your research interests, and build connections ahead of the PTCOG conference. Stay tuned for more details!

Don't hesitate to [reach out](#) if you have any questions, or if you'd like to share collaboration or job opportunities with ECRs. If you have ideas or suggestions for the subcommittee, please let us know using the [PTCOG-ECR new ideas form](#).
