

Instructions for educational program speakers

- For full details about how to create your presentation and all the technical specifications, please refer to the instructions on the conference website [here](#).
- **Please note that your allocated presentation time includes time for Q&A.**
- Please prepare a slide at the start of your presentation listing your talk learning objectives.
- Please feel free to use the PTCOG 62 [powerpoint template](#) for your slides although this is not mandatory. You could consider adding your institution's logo in each slide.
